V. P. Madhava Rao Esq., C. I. E.,

Dewan of Mysore,

Mysore Government, Bangalore.

Dear Sir,

In continuation of our letter dated 2nd. June 1905 conveying our views on the importance both to the State and the Companies of the proposals submitted to H. H's Government, in the letter of the Mining Board of the 11th. February 1905, advocating certain amendments of the Mines Regulations, we have been greatly pleased to hear that the Supreme Government have approved in the main of the alterations and additions asked for, and we shall take it as a favour, if you will, at your early convenience, forward to us copies (say 12) of the Regulation in its amended form, together with a copy of any other papers connected with the subject that we may see.

We understand that the Government of India took objection to the proposal to enhance the penalties for bribery and to enforce the joint liability of all the occupants of a hut, in which mining material might be discovered. Perhaps we

might without objection be informed of the reasons which influenced the Supreme Government in deciding that these proposals are not admissible.

We are, Dear Sir,

Yours faithfully,

John Taylor & Sons
